

In light of the situation in Ukraine, Bring would like to share important information.

Early Thursday morning we decided to stop all transport in and out of Ukraine. The region is not safe, and we give the safety of our drivers the highest priority. We have also on Monday 28/2 decided to stop all transport to and from Belarus and Russia.

We expect that the crisis will create delays for the transport sector throughout Europe, although it is too early to predict the full extent. The situation is beyond Bring's control, and we will do everything within our power to minimize consequences for our customers.

The situation is changing every minute. We are following the situation closely and we will contact our affected customers when more information is available.

If you have any questions, do not hesitate to contact your local Bring office or regular contact person.
